Good

Good

Needed a little bit of improvement on curriculum

It overall needs an upliftment in the curriculum, even at the office the teacher behaves rude towards students.

Need to clean washroom, canteen ,ground , some of students who active in college they don't get opportunity in prgrm & and they also don't get any information some special students get that without knowing anything

Need to clean Washroom, canteen, , ground Some students who active in college they don't get any notice about cultural program some special students get that without knowing anything.....

Toilets are really dirty and need to improve the cleanliness in toilet it's disgusting

All things are good

Washroom should be cleaned properly and timely . And the taps of washroom should be repaired as it creates problem with some leakage .

Need to all improvement inside the college

First I know nobody will see and if anyone is seeing this please do the needful the canteen should have some food otherwise we have to travel long distance for food and the librarians r not providing books they don't open new boxes of books and when I say I need this they can't provide more than 2 - 3 copies of particular books ..they don't response properly and if there r books available also they don't issue ... don't listen to us and says that after 2 hours u have to come we came to college just now only they don't provide books properly

Creative thought and skill full performance

Teachers need to focus on the academics of the students and not indulge in their personal life. They need to improve their mentor-mentee relationship. Also, they must take classes in time and not delay those. Thank you!

Osm

Durgapur Women's College's infrastructure needs a lot of improvement. And the teacher who is in the office should improve her behaviour cause she shouts a lot without any reason.

The current curriculums ar very good

No

কলেজের প্রত্যেকটা দিন খুব সুন্দর

Infrastructure of the current curriculum is good ,but required improvement.

Fine

In the library there are some books which has only one or two copies .So, we can't able to issue it in home. So, need more copies of those books.

Overall good

I think there should be more care taken of the washrooms

Canteen facilities need to made available and plumbing fixtures should be looked after

Canteen facilities need to be made available, classroom lights are to be looked as soon as possible, plumbing fixtures repairing needed

2022-23

Nothing

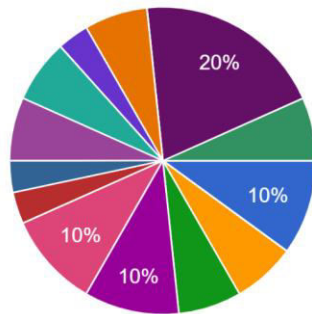

My answer is good

Suggestions/remarks on the current curriculum 18 responses

Nothing

NA

No

Same syllabus is for Major and Minor. In my opinion the syllabus is a bit harder for Major course.

The syllabus needs to review again and re-construction.

The learning objectives are clear and appropriate to the program.

Syllabus of some courses need to review that can fullfill the Learning objectives.

All good

Need to focus more on practical oriented classes and dynamic education to match current trends of the technologies and industrial needs.

Current curriculum is very valuable, important for all teachers. However, the syllabus varies and can be covered in a unique way based on their specific teaching style.

More updated syllabus oriented books & materials must be provided apart from just links of journals for students.

There is shortage of books in the College library,, if there is sufficient books this may help the students

Very Nice

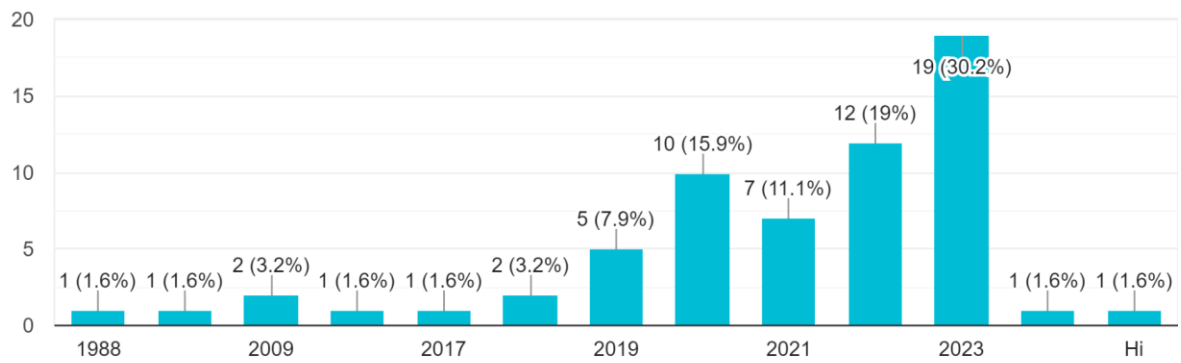

Need to some changes

As NEP 2020 is effective from 2023 Session but books are not sufficient in the library for the students for current curriculum, so if there is sufficient books in the library it help the students
