DURGAPUR WOMEN'S COLLEGE
-NSS UNIT
Introduction

- There was an special camp held in our college on general awareness of some basic issues.
- were we got know about various things like how people on slam areas do for living, and how they manage the presence of unhealthy residential structures.
- So, we had an survey on there menstruation related issues, and what they actually feel during that face of time

RECOMMENDATION:

- i) to make them aware of different kind of sanitary napkins (large, extra large, more absorption) as these prevent from stains
- ii) to make them more aware regarding the fact that till some of them uses cloth sometime, therefore they should avoid cloth, instead of cloth they can use sanitary napkins
- iii) some of them were hesitant to talk regarding periods, therefore to make sure they are more comfortable next time. And to make them understand that this is not a taboo
- iv) as we notice there were of lack of knowledge among the people about the free pad distribution by the government so I would like to recommend that from next time one should make them aware of the fact that government provides free pads as because it usually for the females who has financial issues, so our group would recommend that to seek help from the government, and ensure the other females about the free distribution of pads
