ABOUT US

About Naandi

Naandi, which in Sanskrit means a new beginning, is one of the largest and fastest growing social sector organization in India working to make poverty history. Naandi has been partnering with various state governments, corporate houses, international and national development organizations and showcasing large scale successful delivery of public services.

Currently, Naandi is demonstrating the value of creating new social entrepreneurs by setting up social businesses that are even more efficient and closer to community needs than traditional grant-funded activities. Thus, safe drinking water, support to elementary school going urban children, skilling for unemployed youth and agriculture marketing are the four ventures in existence over and above the free services of Naandi.

Mahindra Pride Classroom

Since 2016, Mahindra Pride Classroom (MPC) has been rendering yeoman service to first year students of Government Engineering Colleges/Polytechnics/Arts & Science and ITs across 20 states in the country. The training program's focus is to enhance beneficiaries' employability prospects via a 40 to 120-hour carefully designed module. Thus far, MPCs have empowered over 56088 youth with the skills needed to get a job and empower them with future-ready skills adapting to the constant change- and we have also been placing a significant number of them through our Job Utsavs with reputed employers since inception. The complete costs of the training and placements are underwritten by the Mahindra group as part of their CSR contribution.

Towards the vision to develop 21st-century competencies to empower and equip youth for employment and lifelong learning, Mahindra Pride Classroom offers a hybrid training model, bringing together conventional wisdom in skill training and the power of technology.

Under this initiative, specially selected and skilled adjunct faculty deliver skill-based training that helps the youth to build competencies that meet the industry's expectations.
