5.2.1.4 We conduct different job related training program in our college throughout the year to improve their potentiality in respect of job market but we have no such tie-ups with any companies who can generate employment for our students. We often provide information to our final year or passed-out students about the vacancies and accordingly they appear in the exam or interview. They report us after getting employment. So we are not in a position to provide brochures or any tie-up documents for the specified period. In response to your query, we are pleased to provide you with a comprehensive report detailing all programs conducted in relation to competitive examinations and career counselling over the last five years.
